Abstract (en)
[origin: EP2113313A2] The cleaner (1) has a high-pressure hose (11) for connection to a spray fixture. A textile flat hose (12) is connected to a water supply. A stowing device is integrated into a housing (2). The stowing device is adjustable on the housing between a stowed position and an operating position, where the textile flat hose is removed from or disposed on the stowing device in the operating position. The stowing device includes a winding device for the textile flat hose. The winding device includes a hose reel for the textile flat hose.
