Abstract (en)  
[origin: WO2008077427A1] A refrigerating cabinet (1, 2) comprises a display case (13, 23) defining a display space (15) having a front viewing are. At least one door (3, 4) is arranged in the front viewing area of the display space (15), wherein the door is arranged in a lower area or upper area of the display case covering the height of the display space only partially. Within the door range, the display space is accessible from the outside by opening of the door. The display space (15) is also freely accessible in an area of the display space which is arranged above or beneath the door (3, 4) within an openly designed range (31 , 42) of the display space.
