Abstract (en)

[origin: WO2008095215A1] Disclosed is a roadway structure on bridges comprising a concrete bridge-supporting structure (1). The surface of the roadway structure is provided with an elastic plastic seal (2). An adhesive layer (3) is applied to the plastic seal (2), and a concrete roadway (4) is applied to the adhesive layer (3), thus forming a permanent bond between the bridge-supporting structure (1), the plastic seal (2), the adhesive layer (3), and the concrete roadway (4).
