Abstract (en)

[origin: EP2136007A2] The unit (1) has a base body (2) i.e. foam cast part, made of plastic and installed on a wall (12), and an installation pipe e.g. water supply pipe (15), and/or installation line mounted on a tubular recess. A connection element (18) i.e. corner connection piece, is provided in an assembly recess for connecting the pipe and/or line with an element e.g. mixer. The connection element is mounted on a reinforcing plate, which is rigidly connected with the base body and inserted into the assembly recess. A tube rigidly connected with the base body is inserted into the tubular recess.
