Abstract (en)  
[origin: WO2008132242A1] The present invention relates to a laundry installation (1) in crowded residences such as hotels, hospitals and apartments wherein large amounts and different types of laundry are washed and dried and more than one washer/dryer machine (4, 5) operates. In the laundry installation (1) a master machine (4) and slave machines (5) that operate connected to the master machine (4) are utilized for performing the washing and drying processes.
