Abstract (en)

A grip for a ball hitting device, for example for a golf club, comprising a shaft from one end of which protrudes a head having a face for hitting a ball, for example a golf ball, said grip being destined to be fixed to the end of the shaft opposite the head, said grip comprising a web which is to be wrapped around the shaft in the shape of a tube, said web having an external face which is to come in contact with the hand of the user of the ball hitting device, and an internal face that is to be fixated to said shaft, characterized in that hooks are protruding from said internal face, said hooks being destined to cooperate with loops or hooks protruding from said shaft so as to effect fixation of said grip to said shaft by a hook and loop or hook in hook self gripper or mechanical fastener.
