Abstract (en)

[origin: WO2008155201A1] There is described a method, keyboard and system for typing music, including a computer, a display device, traditional input systems, and characterized in that it also includes a keyboard for typing music and a relative computer program for managing and interfacing with the keyboard. Said keyboard is in turn characterized in that it has note-keys associated with notes and function-keys associated with functions that alter the pitch and duration of the notes associated with the note-keys.
