Abstract (en)

[origin: WO2008145705A1] The invention relates to a method for treating a biological sample, comprising the preparation of a biological sample, and bringing the biological sample into contact with butenedioic acid or with a butenedioic acid derivative. The invention also relates to treated biological samples obtained by said method, the use of butenedioic acid or derivatives thereof, a treated biological sample and a kit.
