Abstract (en)
[origin: EP2166065A2] Grill briquette for preparing food on open fire, comprises finely-grained to powdered coal or coke as lumpy agglomerate. A color-imparting pigment is applied to the surface of the agglomerate. An independent claim is also included for producing the grill briquette, comprising optionally producing an aqueous binder, optionally mixing the binder or any other binder with finely-grained to powdered coal or coke and optionally with perfume additives and/or an oxygen-releasing oxidizing agent and/or other additives, agglomerating finely-grained to powdered coal or coke or the mixture by press agglomeration, drying the agglomerated particles, and applying a color-imparting pigment and optionally perfume additive and/or an oxygen releasing oxidizing agent and/or other additive on the dried, pressed agglomerated particles.
