Abstract (en)  
[origin: WO2009010415A2] The invention relates to agents for changing the color and/or permanently changing the shape of keratin fibers. Said agents comprise, in a cosmetically acceptable substrate, at least one active substance that changes the color and/or permanently changes the shape of the keratin fibers and at least one plant extract, at least one plant oil, at least one unsaponifiable remainder of a plant oil. The agents according to the invention are stable, give satisfying results with respect to the change of color and/or shape and at the same time provoke hardly any irritations of the scalp. The fibers treated with the agents according to the invention have an improved condition.
