Abstract (en)

[origin: WO2009015802A1] The present invention relates to a hair care device (1) with a handle (3), a function head (4) having a hair treatment means, preferably comprising a bristle and/or a tooth field and/or air blower outlet means, as well as with an ion discharging device (8) for releasing ions, which has at least one ion outlet (9) and can be actuated by an actuating switch (10). According to the invention, the hair care device is characterized in that a closure device (11) for closing the ion outlet is provided, which can be actuated by the actuating switch.
