Abstract (en)
[origin: WO2009010512A1] The invention is a selling space (1) for consumable products, partially delimited by a display structure (2) that develops mainly in a vertical direction and is provided with a plurality of shelves and/or display stands (3) for displaying the products that can be accessed by a user from the inside of the selling space (1). The selling space (1) comprises: one shelving system (4) for storing further products, arranged behind the display structure (2); one delivery point (5a, 5b) of the stored products, which the user can access from the inside of the selling space (1); a handling unit (6) of the stored products, suitable for transferring them from the shelving system (4) to the delivery point (5a, 5b).
