Abstract (en)

[origin: US2010086244A1] A roller pull-out guide pulls out a furniture part from a furniture body in a pull-out direction and slides the furniture part into the furniture body in a slide-in direction. The guide includes at least one guide rail and at least one roller guided in this guide rail as well as a self-retraction device with a spring-loaded, tiltably and displaceably supported tilt slide for retracting the furniture part in the slide-in direction. The tilt slide includes a claw which engages on the roller for the retraction of the furniture part in the slide-in direction.
