Abstract (en)
[origin: WO2009007339A2] The present invention relates to water or water-alcohol compositions containing at least one cationic polymer a) and at least one polymer b) with a molecular weight MW of at most 200,000 g/mol which contains polymerized N-vinylimidazole. The invention further discloses a method for the production of such compositions and the use of such compositions in cosmetics.
