Abstract (en)  
[origin: WO2009026613A1] A narrow space storage system is useful for storing and displaying elongated clothing accessories. The system comprises a frame (51) and a storage means (61). The storage means (61) is movably attached to a portion of the frame (51), and the storage means (61) includes a plurality of receptacles (71) and a plurality of bracket series (72, 73A-73F). Each bracket series (72, 73A-73F) in the plurality of bracket series (72, 73A-73F) comprises a plurality of brackets, and each bracket (77) in a bracket series (72) is positioned along a line (78) at a different vertical and horizontal position relative to other brackets (77) in the bracket series (72). In use, items hung from the brackets (77) are thus each viewable from a side of the storage means (61).
