Abstract (en)
[origin: EP2186975A2] The key (4) has a shaft (6) including a central transverse rib (12) to which longitudinal ribs (13, 14) are fastened, where the longitudinal ribs are directed in a direction of a key rear part (11) and a key front part (10). The longitudinal ribs are offset together in sections adjoining the transverse rib, in an intersection-free manner. The longitudinal and the transverse ribs meet one another at right angles. The rear and the front parts form two narrow sides of the shaft together. Locking notches (9) are arranged on the front part.
