Abstract (en)
[origin: EP2187485A2] The electric socket (1) comprises a base (4) and a front-side fastened front element (6) which has a pot shaped central insert (7) with a surrounding side wall (19). An illumination element (14) is arranged surrounding the central insert, where the light radiates in the central insert. The side wall has a recess (21) or a transparent area.
