Abstract (en)

[origin: WO2009018489A2] In an embodiment, a computer implemented method is described. The method is performed at one or more servers, hosting a marketplace application. A software application is received from a software vendor for distribution. License terms are associated with the software application. The software application is made available for distribution through the marketplace application. The software application is deployed to one or more user accounts on one or more hosting servers, in accordance with the license terms.
