Abstract (en)
[origin: EP2189972A1] It is described a pillared element (100) for fixing an operating element to a musical instrument (500). The pillared element (100) may fix an operating element to a musical instrument (500). The pillared element (100) comprises a processed coupling section (101) and a fixing section (102). The processed coupling section (101) is adapted for fixing the operating element in a predefined position with respect to the musical instrument (500). The fixing section (102) is adapted for being fitted into a receiving hole (501) of the musical instrument (500) by a press-fit connection.
