Abstract (en)
[origin: WO2009015673A1] A refrigerated sales furniture module according to the invention comprises a base furniture portion (4), a rear furniture portion, and a top furniture portion. At least one of said furniture portions (4) is a special furniture portion (4) having a first lateral end and a second lateral end and comprising an inner sheet (8), an outer sheet (6), and an insulating plastics foam (42) filling a major portion of the space between the inner and outer sheets (8; 6). At least one first lateral end (22, 24) of at least one of the inner and outer sheets (8; 6) is bent towards the middle plane of the special furniture portion (4). The special furniture portion (4) is provided with a sealing strip (26) at at least one of its first and second lateral ends. The sealing strip (26) comprises an anchoring portion (28) located in an inner section of the special furniture portion (4) adjacent to the respective lateral end of the special furniture portion (4), and a flexible sealing lip (30). A recess (32) is provided between the anchoring portion (28) and the flexible sealing lip (30), and the said bent lateral end (22, 24) of the respective sheet (8; 6) is accommodated in the recess (32).
