Abstract (en)
[origin: WO2009024808A1] A vehicle for use by only a single person who is able to steer the vehicle by tiller or handlebars (16) while seated comprises a rear section (50) having a seat (52) mounted upon a wheeled frame (62, 78) connected or connectable to a front section (10) comprising a steering column mounted to at least one front wheel (14). The rear section (50) is connected or connectable to the front section (10) only by way of lateral connector means, such as a curving connector bar (60), extending at one side of the vehicle so that a user has access to walk in front of the seat from the other side of the vehicle.
