Abstract (en)  
[origin: EP2201861A1] The furniture has a volume (11) delimited by two parallel vertical walls (1, 2), a lower end wall (5) and an upper end wall (6). Two branches (8, 9) are respectively arranged in extension of the vertical walls, and extended from a base (7) of the upper end wall. The branches respectively have free ends (14) fixed on corresponding upper ends (4) of the vertical walls, at a level of junction zones, via junction elements e.g. cleats (18), where the junction elements are projected inside the volume. The junction elements are housed inside housings of shelves (21) resting on the junction elements. The vertical walls, the upper end wall and the shelves are made of sheet metal.
