Abstract (en)  
[origin: EP2206875A1] The insect safety device has a mounting plate mountable before an opening and insect protection fabric (12), which has chaining yarn (16) and filling yarn (18) connected with one another in lattice-like manner. The chaining yarn and filling yarn runs in a separate thread level one above the other. An independent claim is also included for a method for production of an insect protection fabric for an insect safety device.
