Abstract (en)

[origin: WO2009043871A2] Spa tub or mini pool (10) with a concavity (14) which can be filled with water up to a vanishing edge (16) beyond which the water is able to overflow and be collected by a recovery channel (18). The tub comprises filtering means (22) for the water, which are incorporated in a wall of the channel, thus simplifying the manufacture of the tub and giving it an orderly appearance.
