Abstract (en)
[origin: WO2009063202A2] The invention relates to compounds of general formula (I) wherein R1, R2, R3, R4 and R5 are as defined herein for the treatment of allergic conditions, wherein the treatment is by pulsed therapy which comprises a first period during which the compound is administered to the patient and a second period of at least seven days during which the compound is administered to the patient in a reduced amount.
