Abstract (en)

[origin: EP2223870A1] The container (1) has a base (2), two front walls (3) and two side panels (4), where each side panel is divided into a lower section (5), a middle section (6) and an upper section (7). Upper edges (12) of the upper section lie in a perpendicular projection beside lower edges (13) of the lower section. The cross section outline of the container in the virtual shortest connection of two external points of the lower section with two external points of the upper section exhibits the form of a trapezoid.
