Abstract (en)  
[origin: WO2009087682A2] The present invention relates to an injectable pregabalin formulation which is stable in between pH 4.0 to 8.0. Further, the present invention relates to a process for manufacturing the said injectable pregabalin formulation. The injectable formulation of pregabalin according to the present invention is administered intravenously to the patients requiring pregabalin treatment.
