Abstract (en)
[origin: WO2009106195A1] The invention relates to a document cassette that can be placed in an automated cash register safe, a automatic cash dispensing/receiving machine, a cash register system, an automated ticket machine, an automated parking garage machine, or the like. The document cassette has a housing (1) and a protective mechanism (2) that can be actuated located on or in the housing (1), and has at least one sensor (3) on or in the housing (1) for actuating the protective mechanism (2). The sensor (3) comprises one or more circuits (4) for transmitting electrical energy or electromagnetic radiation.
