Abstract (en)
[origin: WO2009115860A1] A method of crimping an electrical terminal onto a wire, comprises: providing an assembly comprising a wire and an electrical terminal, applying an initial crimping step, by folding an initial part of the crimping section (30) over the stripped part (12) of the wire, applying a subsequent crimping step, by compressing a subsequent part of the crimping section over the stripped part of the wire.
