Abstract (en)

[origin: EP1835477A1] The labeling sleeve for containers (2) fits around them and encloses a label, booklet, etc. (4). A flap (6) on the side where the label is mounted can be separated by tearing along a line of perforations (9) and replaced over the label using a resealable closure (13). An independent claim is included for containers fitted with the labeling sleeve.
