Abstract (en)

[origin: EP2107061A1] The invention relates to a process for the preparation of substantially optically pure or optically enriched clopidogrel or a pharmaceutically acceptable salt or solvate thereof. The invention also relates to a process for the preparation of a pharmaceutical formulation comprising substantially optically pure clopidogrel, or a pharmaceutically acceptable salt or solvate thereof, in combination with at least one pharmaceutically acceptable carrier.
