Abstract (en)
[origin: WO2009138648A1] Identification tag intended to be associated with a product, characterized in that it consists of an unfalsifiable element made of high-purity silicon constituting by itself a distinctive sign and/or on which are produced micrometer or nanometer identification codes, said tag being attached to the product or implanted in it, in such a way as to ensure its traceability and to attest to its origin and its authenticity.
