Abstract (en)  
[origin: EP2333160A1] The wall (10) has connection devices (14) including a groove-tongue-assembly including an insertion tongue (15) provided at a front side (13a) of a concrete-wall element (12a), where the insertion tongue extends in a vertical direction. An insertion groove (16) is provided at a front side (13b) of an adjacent concrete-wall element (12b), where the insertion groove is adapted to a position and dimension of the insertion tongue. The insertion tongue is lockable in an inserted position and enclosing in the insertion groove.
