Abstract (en)

[origin: WO2010000360A1] The invention relates to the use of a printing paper which is printed by a digital printing device (1) by means of a digital printing method, is heated before, during and/or after printing, is not resin-coated and is free from an ink-receiving layer and is printed with a pattern, as a decorative paper for sheetlike components, in particular for use on floors, walls, ceilings or furniture.
