Abstract (en)
[origin: EP2333434A2] In a device for anchoring a side plate and an upper covering grille on a radiator, the side plate is transversely directed and has a duct or aperture for a through-going pipe. There is provided a snap catch device which is disposed in the region around the duct or aperture. The snap catch device is interconnectable with the upper grille for positional fixing of the side plate and the grille in relation to one another.
