Abstract (en)

[origin: EP2339095A2] The door has a blind frame, a casement frame (1) with a hollow profile frame surrounding a filling element and a box staple (3) inserted in a notch of the hollow profile frame. The door also has a box staple locking device (9) for locking the box staple. The box staple locking device has a base plate (11) and mounting pins (12,12') protruding from a ground surface of the base plate. The mounting pins are fitted on a side of the box staple.
