Abstract (en)

[origin: EP2339282A2] The accumulator (10) is provided with a casing (11), a base (12) and an upper side (13), loading equipments and unloading equipments. The casing encases the accumulator interior. The openings (22) are provided in the casing. The openings are tightly closed with removable closure elements. A loading device or unloading device is interchangeably attached to each opening.
