Abstract (en)

[origin: EP2339566A1] The blank has a part (2) comprising a front wall (4) with a hinged rear wall (5), and a positioning element folding a presentation column i.e. three-dimensional body. The positioning element comprises surface elements, which comprise a spacing surface. The surface is connected with a rear bracket clip by a folding edge. The clip is connected with another rear bracket clip by another folding edge, which runs perpendicular to the former folding edge. Two front bracket clips and the two rear clips comprise notches for accommodating a clamping element i.e. rubber band. The blank consists of a paper, a cardboard or a corrugated paper.
