Abstract (en)

The present invention relates to a base (1) of a cooking top of the built-in type, in particular for household use, said base (1) being of the type that comprises: - a bottom wall (10), in particular having a quadrilateral shape; - a plurality of side walls (20) connected to said bottom wall (10). The invention is characterised in that each side wall (20) comprises constraining means (30) adapted to effect a joint coupling between a side wall (20) and the adjacent side wall (20).
