Abstract (en)
[origin: WO2010037505A1] The invention relates to an electric plug-in connection system (1) comprising a contact device (2) and an electric plug-in connector (3) for the electric connection of the electric plug-in connector (3) to the contact device (2), and comprising a coding system (4) for avoiding accidental contacts. For this purpose, the coding system (4) comprises three coding devices (5, 6, 7) that are independent of each other for coding.
