Abstract (en)
[origin: EP2354335A1] The device (1) has a flush-mounted waste trap (2) including a threadless pipe connection (7) for connection of an outlet pipe (4) of a sanitary object e.g. washbasin. A lining element (3) is provided for lining an access opening (12) of the waste trap, and has a covering plate including a passage for the outlet pipe. The plate covers the opening in a preset mounting position. The lining element has an attachment bushing fitted in flush with the passage at the plate. The bushing is fitted at the opening under formation of an axially acting frictional engagement.
