Abstract (en)
[origin: EP2356922A1] The seat or couch furniture chassis (1) has a lower frame, a seat framework, which is movably attached at the lower frame over condition levers, a support (12), which is installed at the seat framework over a support framework around a drag axis in tiltable manner and a panning drive. The panning drive is coupled over an absorption unit with the seat framework, and the support is held in the brought in position by a support retaining spring.
