Abstract (en)

[origin: WO2010066750A1] A passenger ship fitted with cabins having a bathtub fitted flush. The invention relates to a passenger ship comprising at least one bridge (6) on which several cabins intended for accommodating said passengers are arranged. According to the invention, at least one of said cabins, called a "luxury cabin" (1) is equipped with a bathtub (5), said bridge (6) comprises at least one recess (64) which terminates at the level of its upper face (610) via an opening (640) and said bathtub (5) is fitted flush in said recess (64), such that its rim (51) is flush with the level or substantially flush with the level of the floor of said cabin.
