Abstract (en)

[origin: WO2010139374A1] The present invention relates to device including a single bar loader (6), a quick feeder unit (1) for rods and/or bars (7) arranged downstream and subjacent of the single bar loader (6), and a bar positioning and distribution unit (9) arranged downstream and subjacent of the quick feeder unit (1), the device operating with chains with articulated links in systems for forming electro-welded metallic nets. Moreover, the invention relates to a method for operating the device.
