Abstract (en)

[origin: EP2390440A2] The urn container has cover and theft protection, where the urn container is mounted in a grave stone and serves to receive one or two urns. A plastic or stainless steel tube of 250 millimeter is required. A receiving ring made of bronze or cast aluminum, or stainless steel is required for fastening the container is required. The inner diameter is adapted to the outside diameter of the pipe.
