Abstract (en)

[origin: EP2405204A1] The present invention relates to a front frame (10) for an oven cavity of a cooking oven. The front frame (10) is provided for enclosing a front opening of the oven cavity. At least a front side (18) of the front frame (10) includes a metal layer. The metal layer is coated by at least one protective and/or decorative coating made of an organic or ceramic material. Further, the present invention relates to a cooking oven with an oven cavity, wherein said cooking oven includes the above front frame (10).
