Abstract (en)
[origin: EP2409599A1] The workstation (10) has a lockable support arm (12) formed as a load supporting element and provided with a cam roller (14) for mobile transport of the workstation. A seating element (20) is pivotably or movably attached to the support arm, where the workstation is in the form of trolley. A transport container (34) is arranged at the support arm, and a storage surface (24) accommodates a mobile interactive terminal (26) e.g. laptop, and the seating element. A lockable support leg (16) is pivotably arranged in the support arm, and a solar module (32) is provided with a LED-lamp.
