Abstract (en)
[origin: WO2010108656A1] The invention relates to a lamp, essentially comprising a lamp head (1), an upright tube (2), and a stand (3). Said three elements can be connected to each other in a releasable and latchable manner. In the assembled state, said three elements form a table lamp or a floor lamp. The lamp head (1) can be removed and thus can be used as a mobile hand lamp. After disassembly, all parts can be accommodated in the stand (3), which forms a transport case.
