Abstract (en)

[origin: WO2010114369A2] The present invention relates to a yacht. This yacht comprises at least a hull with a stern and a bow; and a superstructure. The yacht further comprises at least a main deck recessed substantially wholly into the hull immediately below a level corresponding to the height of the bow, at least an upper deck in the superstructure with a space oriented toward the bow and with a view over the bow, and an intermediate deck between the main deck and the upper deck, oriented toward the bow and with an additional view over the bow.
