Abstract (en)

Certification method of a website for gambling comprising the steps of: - associating a certification dynamic logo (10) to a game screen (1) relating to said gambling in said website; - adding a status symbol (20) to the certification dynamic logo (10), said status symbol (20) corresponding to a status (15) of a related gambling licence of an owner of the website. This certification dynamic logo (10) is an image or a dynamic icon which has been created by a certification authority being in charge of granting the gambling licence, updated in real time by said certification authority according to the status (15) comprised into a database of said certification authority.
